

Guidelines for Live family workshops

- These guidelines are directed at responsible adults and by accessing the session you give permission for the child you are responsible for to take part. A responsible adult should remain in the same room during the session – feel free to participate if you would like to!
- Your ticket is for one device – you don't need one ticket per participant.
- Remember you can be seen as well as see others – everyone on camera should dress appropriately.
- We will mute everyone during the workshop – there will be a chance to ask questions and share during the session.
- Please have your camera on during the workshop.
- Please change your name to the participating child's first name / names if more than one child is taking part.
- The chat function will be disabled during the workshop.
- The best view to use is 'Speaker' view
- Please remind young people not to share the following information in the Zoom session: personal information including address, emails, phone numbers, school names, photos of themselves.
